The Disability Information & Resource Centre (DIRC) is bringing the Mount Gambier Disability & Ageing Expo, Friday 23 March 2012 at the **Active 8 Health & Sports Centre** from 9:30am to 4pm!

Providing access to quality and valuable information about services and products available for you!

The Disability & Ageing Expo in Mount Gambier will provide information to empower people with a disability and those who are ageing with greater choice on how they can enrich their lives to become empowered to achieve their full potential.

It can be a challenge for someone with a disability, an elderly person to access quality information that the rest of us take for granted.

People who are ageing have difficulty accessing quality information on the range of opportunities available to them. It can be not only a daunting task but an incredibly frustrating one that the rest of us take for granted.

WHO IS DIRC?

DIRC was formed in response to discussions for the need for the establishment of a Resource Centre for people living with a disability and for disability related agencies and services. DIRC also provides a free information service which is current, accurate, relevant and timely, and in a format which meets your needs.

Linking people with a disability and those who are ageing to services
